

PROVIDING THE FINANCIAL NEEDS OF OUR COMMUNITY

**Our goal....
to provide a safe, secure and service oriented
financial institution for our members.**

Originally chartered as a San Antonio federal credit union in 1939 to serve employees of the Southern Pacific S.A. Division Railroad. The credit union opened its field of membership to San Antonio's Eastside and Southside community in 1986. Today, we have more than 7,000 members and our assets total over \$41 million.

As a not-for-profit organization, we have been able to serve members with competitive dividend bearing deposit accounts, no service charge checking accounts, low cost loans, financial protection and more.
